

TO INFINITY...

Two to Four Players or Teams

What you need - Two dice, A counter for each player/team, a piece of paper and a pencil to list each answer

Aim

Each colour square lists a different way of talking about the future. The aim of the game is land on each colour and write down how you would complete the phrase. The player who wins is the first one to land on each of the five colours and complete phrases.

At the end of the school day, I look forward to...

If I could travel anywhere, I would visit

The biggest change in the future will be...

Move to the nearest green square

Move forward 6 spaces

I am really proud of myself when...

The subject I would teach at school is _____ because...

To make people's lives easier, I would create...

...AND BEYOND

Go back 4 spaces

To show people I care about them, I...

My biggest goal in the future is to...

When I grow up, I wish I could be...

Move to the nearest purple square

Double your throw

In the future, people will wear...

Roll again

On my 27th birthday, I plan to...

I feel excited when...

In 2080, the richest country will be...

Move to the nearest blue square

Miss one turn

During the next school holidays, I hope to...

My favourite thing to daydream about is...

START

My favourite thing to do at the weekend is...

In 10 years, our phones will...

Go back 4 spaces

If I could be head teacher for the day, I would...

In the future, I know I will be a great...

If I could be famous, I'd be as famous as...

Move to the nearest red square

The next non-uniform outfit I plan to wear is...

Miss two turns

Move to the nearest orange square

I will be an adult when I am ___ years old and I will...

Infinity Key:

- Your Near Future
- Your Own Predictions
- Your Big World Predictions
- Self-Affirmations
- Future Dreams

Watch out for the Instruction spaces, you may have to move forward, back, double your throw or even miss a turn!

The person with the Highest roll starts. The first person to start chooses the direction of the for all the players to follow.

If you land on a colour you've already answered you must go back two spaces.
